

## **Worship -Our Story**

Resources Needed:

None

Activity

Sit the children in a circle

Say

We're going to tell a story I'll start and you see if you can guess what story it is. Don't tell anyone but just add the next little part of the story. Then other people add the next parts until we get to the end of the story.

Choose a well-known Bible story (eg. for Noah and the flood you might say, "God saw the bad things the people did in this man's day and God was very sad.)

You might need to work an example first so the children get the idea.

Debriefing Questions:

It's fun to share a story together, isn't it? Did you hear anything you hadn't heard before in this story. What did you learn from this story?

Ideas provided by Janet Rieger of North NSW Conference in September 2007
